FETISH

Fantasy Elite®

Dear Friends and Customers,

Over five years ago, we decided to push the envelope and develop a line of easy-to-use, couples-friendly bondage products for beginners to enjoy. The results were amazing and today, the Fetish Fantasy Series® is the biggest and best-selling fetish line in the world! Since then, we've expanded the brand to include Fetish Fantasy Extreme® and Fetish Fantasy Lingerie®, making it the most comprehensive and diverse selection of bondage pleasure products available today. So what have we done this time around to make this incredible line even better?

We proudly present Fetish Fantasy Elite®, an exciting new system of high-end silicone dildos, strap-ons, harnesses and accessories that will change the game and take fetish and strap-on play to a whole new level. Made from 100% medical-grade Elite Silicone™, this ultra-premium collection is body-safe, hypoallergenic, and sculpted to excite. You can enjoy these products in full confidence knowing they're phthalate-free, latex-free, and made from the safest sex toy material on the market today.

Like all Pipedream offerings, the Elite® collection is part of a unique marketing program developed to make you money and make selling easy. With over 70 items to choose from, this complete line will make a bold statement in stores and a welcome addition to any retail environment. We've built on the strength of our recent planogram programs and designed an amazing Elite® Planogram to help you effectively merchandise and market these silicone wonders. Take a look on the next two pages and see how the Elite® line will sell itself and make your profits soar.

We'd like to thank all of our customers for supporting our Fetish Fantasy Series® and honoring us with our recent awards. As always, we know that great customers are the key to our success and we're working harder than ever to improve every aspect of our business. We hope you enjoy this brand new 44-page supplement, designed to make it easy to find what you're looking for quickly. Take a look for yourself and see why we're so excited about Fetish Fantasy Elite®!

elite Silicone™ *Features*

When your fetish-play demands the best materials possible, only the Fetish Fantasy Elite® line will do! Made from 100% medical-grade Elite Silicone™, this ultra-premium collection is body-safe, hypoallergenic, and sculpted to excite. Elite Silicone™ is made to play hard and extremely pliable, ranging from firm to flexible and conforming to the body's contours. The supple material quickly warms to body temperature, giving users the most realistic stimulation ever imagined. It's phthalate-free, latex-free, nonporous and the safest sex toy material on the market today!

SMART CLIPS™

The straps of the silicone masks, gags and strap-ons easily adjust to fit most sizes. There has never been a more comfortable way to keep a strap-on in place when the action heats up. To adjust, slide the straps until the waistband is snug and the thigh straps feel tight. Once adjusted to fit, the strap-on is easy to take off, or put back on, by hooking the plastic Smart Clips™ together. The straps fit comfortably and they won't move or come loose during the heat of the moment.

FREE SILICONE MASK AND SAMPLES

Every Fetish Fantasy Elite® dildo and strap-on include a free silicone mask, Pipedream Toy Cleaner® and Moist® Lubricant!

WATERPROOF & DURABLE

The waterproof remote makes the Fetish Fantasy Elite® line perfect for any kind of water play. Try one in the shower or spa and turn bath time into pleasure time.

EASY TO CLEAN

All non-vibrating Elite® dildos are dishwasher safe and boilable, allowing you to effectively sterilize them without harsh chemicals or solvents. For vibrating dildos and all other Elite® pieces, cleanup is a snap after the fun with Pipedream Toy Cleaner™ and warm water.

VERSATILITY

Not all silicone dildos are created equal! Every Fetish Fantasy Elite® dildo features a harness-compatible suction-cup base that stays in place when the action heats up. The incredible suction base sticks to nearly all nonporous surfaces - floors, walls, tiles, and doors!

ERGONOMIC REMOTE & EXCLUSIVE CLIP-ON HOLSTER

All Elite® vibrating dildos feature a sleek, waterproof remote with a hands-free holster that easily clips on to your waistband. The remote features seven powerful, whisper-quiet pulsations patterns, while the holster handles the control unit on your side, keeping your hands free for other pleasures. Just another innovation exclusively from Pipedream!

All 26 suction-cup dildos in the Elite™ line can be paired with any* of our Universal Harnesses. All three harnesses were designed with comfort and performance in mind. They're made to play hard and easily adjust to fit most sizes.

PD4562-23

Universal Breathable Harness™

The Universal Breathable Harness was designed with comfort and flexibility in mind! Made from a super-soft combo of spandex and lycra, this harness features a comfortable elastic waistband, breathable body, and stretchy silicone O-ring sewn into the body. You won't even know you're wearing a strap-on harness, thanks to the lightweight material and easy-breathing fabric. The ultra-comfy harness combines form and function, making it the only strap-on harness you'll ever need for any occasion. There's no chafing, no rubbing, and no discomfort. Fits up to 48" waist.

PD4561-23

Universal Heavy-Duty Harness™

The Universal Heavy-Duty Harness is made to withstand extreme fetish play and features adjustable straps and a stretchy silicone O-ring. Go ahead, try to get this rugged strap-on harness loose from your waist! The form-fitting design comfortably hugs your body's contours, allowing you to move freely and flexibly without any discomfort. The heavy-duty metal belt buckle ensures it won't come loose during the action, while the snaps hold the O-ring in place and round out the system. If you've tried other strap-on harnesses and have been disappointed, look no further! Fits up to 52" waist.

PD4560-23

Universal Beginner's Harness™

If you're looking for an affordable strap-on harness that can do it all, the Universal Beginner's Harness is the perfect choice! Made from durable nylon straps and a neoprene-backed vinyl body, this strap-on harness features fully adjustable support straps and a stretchy silicone O-ring to hold everything in place. The traditional 4-way harness accommodates a variety of shapes and dildo sizes, making it the only strap-on harness you'll ever need for any occasion. Fits up to 48" waist.
