

A woman with long brown hair is shown from the back, leaning forward. She is wearing a black latex halter top, black thigh-high boots with white side stripes, and black high-heeled shoes. She has her finger pressed against her lips in a 'shh' gesture. The background is white with faint grey swirl patterns.

## *Fantasy Series*

Welcome to the wonderful world of *Fetish Fantasy* - where desires become reality and your fetish meets your fantasy! With almost 400 couples-friendly bondage items to choose from, this kinky collection offers something seductive for everyone. From strap-ons to handcuffs, hoods to hogties, furniture to sex machines and everything in between, we have the most comprehensive selection of light BDSM play in the world! Check your inhibitions at the door and explore your deepest fetish fantasies!

Five years ago, we decided to push the envelope and develop a line of easy-to-use, couples-friendly bondage products that beginners could enjoy. Fast forward to today and the *Fetish Fantasy Series* is the biggest and best-selling fetish line in the world! From mild to wild, from kink to light pink, we offer something to satisfy every fetish.

This year, we're proud to introduce an exciting new line for true fetish aficionados: *Fetish Fantasy Extreme*. Building on the success of the *Fetish Fantasy Series*, this new line takes fetish to the next level. The products are harder, the materials are better, and the line is geared towards more experienced users. For customers who have tried and enjoyed our couples-friendly offerings, this line is the next step up. We think you'll agree that we're giving high-end fetish an "extreme" makeover.

Not all bondage gear is created equal! For all *Fetish Fantasy* products, we use durable high-quality materials, coupled with innovative designs and packaging, to bring you unique items that no other manufacturer offers. Our bondage gear is made to play hard and built to last!

Over the past three years, Pipedream has won coveted Manufacturer of the Year awards five times, more than all of the other major manufacturers combined. With the release of this new *Fetish Fantasy* catalog, we're confident this trend will continue.

We'd like to thank all of our customers for supporting our *Fetish Fantasy* line and making it the number one selling bondage line on the planet. As always, we know that great customers are the key to our success, and we're working diligently to improve every aspect of our business. Our mission statement has always remained the same - to give you great products at a fair price, and the *Fetish Fantasy Series* is no exception. Take a look for yourself and see what everyone's talking about...

Yours Truly,

Nick Orlandino  
Chief Executive Officer
