# *Year of the Rabbit*

*Dear Friends,*

Long before *Sex and the City*, *Cosmopolitan* or the *Oprah Winfrey Show* made “the rabbit” a household name, Pipedream’s original Rabbit Pearl™ was making women bright-eyed and bushy-tailed and hopping with pleasure! Now, 20 years later, we’re celebrating the “The Year of the Rabbit,” with a festive new catalog of rotating vibes and dual-action stimulators. From high-end luxury rabbit vibes to affordable beginner bunnies and everything in between, we have the most comprehensive selection of rotating and clitoral vibrators in the world!

According to the Chinese lunar calendar, the Year of the Rabbit brings calm, happiness, good fortune and good health -- much like the therapeutic properties of our soothing rabbit-style vibrator collection. We’re going back to our roots and showcasing time-tested classics that changed the vibrator business forever, along with brand new innovations made from high-quality materials that continue to set the standard. Our motto has always been the same: *to offer you great products at a fair price*, and our collection of rabbit vibes is no different.

As you flip through this catalog, you’ll notice the transition from simple non-rotating clitoral vibes to our high-end lines of luxury rotating vibes. You’ll also notice the vibrators’ progression and the technological advances we’ve made, from big battery cases and spinning pearls, to our current hi-tech vibes with metal gears and phthalate-free materials.

While we continue to develop exciting new vibes, some of our best-selling vibrators are still our classics. Many of you may have forgotten our original Rabbit Pearls, or passed on other proven winners, but they have stood the test of time and continue to top retail sales charts. By showcasing the entire range in this simple, easy-to-navigate catalog, we’re hoping you’ll rediscover this great range of vibrators and find your own treasures.

As always, we know that great customers are the key to our success, and we’re working diligently to improve every aspect of our business. We hope you enjoy our new specialized supplement, designed to make it easy to find what you’re looking for quicker than ever before. Take a look for yourself and see what the “buzz” is all about!

Sincerely,

Nick Orlandino  
Chief Executive Officer
